Dear Mrs. Hoffman:

We were deeply touched by your warm letter and your kindness in sending us your testimony. Thank you for your thoughtfulness. Thousands write with deep needs, but you have given out of love to encourage us during very busy days.

May the Lord pour out His grace upon you in a special way, and bring your family closer together as you grow in His love.

Sincerely,

James C. Dobson, Ph.D.

P.S. Thank you for sending me your son's poem. I often use letters or information sent to me by my listeners on future programs.
